mooreVIEW — Pricing Guide

Hardware + commissioning once · monitoring renewal monthly

A company powered by The Purple Standard · purple-standard.com

Document version: 2.2 · 2026-07-26

Base pricing model

mooreVIEW is sold as **one-time hardware + commissioning** per monitored asset, plus a **monthly monitoring renewal**. Cellular data is a separate line item when the site uses mooreVIEW-managed cell connectivity.

Core rule: Price by **asset type**, not I/O tag count. Unlimited tags within the standard site template for that vertical.

Two tiers: **Residential** (\$1,500 + \$18/mo) · **Commercial** (\$2,500 + \$25/mo)

List price — hardware + commissioning (one-time)

Asset type	Tier	One-time
ATU — residential	Residential	\$1,500
Pool — residential	Residential	\$1,500
HVAC — residential	Residential	\$1,500
ATU — commercial	Commercial	\$2,500
Pool — commercial	Commercial	\$2,500
HVAC — commercial	Commercial	\$2,500
Convenience store	Commercial	\$2,500
Lift station — duplex	Commercial	\$2,500

Includes: edge gateway/appliance, I/O as defined in vertical `.est` template, on-site commissioning, portable project file, operator HMI, alarms, and initial cloud/Parc enrollment.

Convenience store includes walk-in/rack refrigeration, RTU/comfort HVAC, and door/temp alarms in one commercial `.est` template.

List price — monitoring renewal (monthly)

Asset type	Tier	Renewal / mo	Annual equivalent
ATU — residential	Residential	\$18 / mo	\$216 / yr

Pool — residential	Residential	\$18 / mo	\$216 / yr
HVAC — residential	Residential	\$18 / mo	\$216 / yr
ATU — commercial	Commercial	\$25 / mo	\$300 / yr
Pool — commercial	Commercial	\$25 / mo	\$300 / yr
HVAC — commercial	Commercial	\$25 / mo	\$300 / yr
Convenience store	Commercial	\$25 / mo	\$300 / yr
Lift station — duplex	Commercial	\$25 / mo	\$300 / yr

Renewal includes: mooreVIEW software entitlement, fleet Parc uplink, historian, integrated CMMS, PdM feature builds, alarm notification profiles, and platform updates for that site.

Cellular data (when applicable)

Line item	Rate
Cell data (mooreVIEW-managed SIM / data plan)	\$3 / mo per site (\$36 / yr)

Bill separately from monitoring renewal when the customer uses mooreVIEW-provided cellular backhaul.
Customer-owned WAN or site Ethernet: no cell line item.

Year-1 total (base packages)

Assumes monitoring renewal and cell data start at commissioning.

Tier	Assets	One-time	Renewal (12 mo)	Cell (12 mo)	Year-1 total
Residential	ATU, pool, HVAC	\$1,500	\$216	\$36	\$1,752
Commercial	ATU, pool, HVAC, c-store, lift	\$2,500	\$300	\$36	\$2,836

Year-2+ recurring only (with cell): **\$252 / yr** residential · **\$336 / yr** commercial.

What's included in base renewal

Capability	Base renewal
Alarms & annunciation	•
Operator HMI	•
Tag historian & trends	•

Portable .est project	●
MQTT Parc fleet uplink	●
Integrated CMMS (alarm → WO)	●
PdM + proactive PM work orders	●
Training (F2 in-product)	●
IP cameras / vision AI	○ add-on
Extended historian / compliance PDF	○ add-on

● included · ○ optional upgrade

Vertical quick reference

Vertical	Proactive focus	Tier
Pool — residential	Filter pump, backwash schedule, chemistry bands	Residential
Pool — commercial	Multi-pump, chemistry, compliance before health dept / guest event	Commercial
HVAC — residential	Comfort drift, runtime anomalies before complaint	Residential
HVAC — commercial	RTU stages, amps, filter DP across light commercial portfolio	Commercial
Convenience store	Walk-in/rack temp, compressor short-cycle, RTU — before product loss	Commercial

Optional add-ons (beyond base)

Add-on	Directional price	Notes
PdM premium	+\$5 – \$10 / mo / site	Advanced models, scheduled PdM PDF
Extended historian	+\$5 – \$15 / mo / site	Multi-year Mongo retention
Cloud SaaS extra seats	+\$50 – \$150 / user / mo	Multi-tenant Studio beyond base entitlements
Camera + vision AI	+\$10 – \$25 / mo / site	ONVIF, inference, snapshots
Fleet platform fee (50+ sites)	Custom	Volume renewal discounts; dedicated support

Fleet volume (renewal discounts)

Base list applies to **1–49 sites**. For larger operators, discount **monthly renewal** only — hardware + commissioning list holds unless OEM agreement.

Fleet size	Renewal discount (typical)
10–49 sites	10% off monthly renewal
50–199 sites	15% off monthly renewal
200+ sites	Custom enterprise agreement

Example — **20 convenience stores** (with cell):

	Amount
One-time (20 × \$2,500)	\$50,000
Renewal (20 × \$25/mo × 12)	\$6,000 / yr
Cell data (20 × \$3/mo × 12)	\$720 / yr
Recurring total	\$6,720 / yr

OEM & panel-builder channel

Model	Price
Panel embed (hardware BOM + mooreVIEW stack)	Same list or OEM discount on one-time
Custom .est template NRE	\$5,000 – \$25,000 (once)
Renewal resale	OEM bills end customer; remits list or agreed share

Year-1 TCO vs competition (commercial site)

Illustrative comparison for one proactive monitored commercial site (lift, c-store, or commercial pool).

Solution	Year-1 total	Proactive PdM → CMMS
Autodialer / cellular dialer	~\$600 – \$1,200	○
mooreVIEW commercial (+ cell)	~\$2,836	●
VTScada (1K I/O + typical add-ons)	~\$7,000 – \$12,000 SW only	○
Ignition (Platform + App Building)	~\$14,700+ SW only	○

FactoryTalk View SE (quoted bundle)	~\$10,000 – \$25,000 SW only	○
--	------------------------------	---

Positioning line: *About three months of monitoring renewal pays for itself if you avoid one emergency truck roll.*

Contract & billing policy

Policy	Rule
One-time	Due at install / commissioning sign-off
Renewal	Monthly auto-pay default; annual prepay = 2 months free (≈17% discount)
Cell data	Monthly; tied to active SIM on mooreVIEW plan
Lapse	Renewal lapse → read-only historian grace 30 days, then suspend uplink
Tag pricing	Not published — unlimited tags within vertical template
Utility / municipal	3-year renewal prepay; additional volume discount

Annual prepay renewal (2 months free)

Tier	Monthly list	Annual prepay (+ cell)
Residential (ATU, pool, HVAC)	\$18	\$216
Commercial (ATU, pool, HVAC, c-store, lift)	\$25	\$286

Sales quick reference

Buyer	Quote
Residential ATU, pool , or HVAC	\$1,500 install + \$18/mo (+ \$3/mo cell)
Commercial ATU, pool , HVAC , or convenience store	\$2,500 install + \$25/mo (+ \$3/mo cell)
Duplex lift station	\$2,500 install + \$25/mo (+ \$3/mo cell)
“What does year 2 cost?”	\$21/mo residential · \$28/mo commercial (+ cell)
Fleet operator (20+ sites)	Volume discount on renewal

Market revenue potential

Directional US planning estimates — not audited forecasts.

Per-site economics (list MSRP)

Tier	Year-1 total	Steady recurring / yr	7-yr LTV (directional)
Residential (ATU, pool, HVAC)	\$1,752	\$252	~\$3,264
Commercial (ATU, pool, HVAC, c-store, lift)	\$2,836	\$336	~\$4,852

SAM and 5-year ARR potential by vertical

Vertical	5-yr ARR potential (directional)
Lift stations & wastewater	\$15 – 25M
Convenience stores (cold + HVAC)	\$10 – 30M
HVAC — commercial	\$8 – 20M
HVAC — residential	\$5 – 15M
Septic / ATU	\$5 – 12M
Pools (res + commercial)	\$5 – 14M
Institutional / ALF	\$3 – 10M
Wells & pumps	\$2 – 5M
Portfolio total	\$50 – 120M recurring at scale

Launch-year model (237 sites → ~\$570K total)

Vertical	Y1 sites	Y1 revenue
Lift · ATU · pool · HVAC · c-store · wells	235	~\$536K
ALF / campus (enterprise)	2	~\$30K
Total	237	~\$566K (+ ~\$99K ARR run-rate)

3-year trajectory

Year	Cumulative sites	Total revenue	End-of-year ARR
1	237	~\$570K	~\$99K
2	687	~\$1.5M	~\$320K
3	1,487	~\$3.5M	~\$780K

Purple Standard channel accelerates year 1–2 through sister-operator fleet attach (ACE Septic & Waste and portfolio companies) before national contractor scale.

Summary

Element	mooreVIEW base model
Residential tier	\$1,500 + \$18/mo — ATU, pool, HVAC
Commercial tier	\$2,500 + \$25/mo — ATU, pool, HVAC, c-store, lift
Connectivity	\$3 / mo cell data (when mooreVIEW-managed)
Differentiator	PdM → proactive CMMS included in renewal
